

# Detailed Commission Structure

## Jumpstart Commissions: What They Are

Jumpstart Commissions are fast-start bonuses paid weekly to reward Consultants for driving new product and service sales. They apply to the first payment only for a product SKU.

### How They Work:

- When a new Customer or Consultant makes their initial purchase, the enrolling Consultant earns a percentage of the Commission Value (CV) from that sale.
- A Consultant can also earn a Jumpstart bonus if one of their previously enrolled Customers or Consultants buys a new SKU they have never purchased before.
- This is designed to motivate Consultants to encourage their members to explore and buy more products or services.
- No Jumpstart commissions are paid on renewals (the 2nd and later payments for the same SKU). Those ongoing payments are instead paid out through the Consultant's Matrix Commissions system.

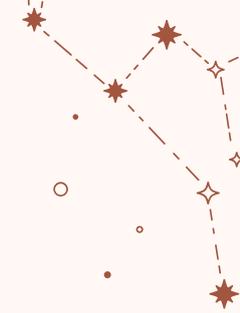

### Consultant's Jumpstart Commissions. How a Consultant Qualifies to Earn Them:

- Must be an Active Consultant (see Active Member Definition).
- The Customer or Consultant who is making the purchase must be part of your personal enroller tree.
- Must meet monthly requirement of \$9.99 subscription **OR** \$39 in new monthly sales to stay commission-eligible.

# Matrix Payouts

## Matrix Payouts? What They Are:

Matrix Payouts are residual commissions earned on the 2nd and subsequent payments for a product SKU. While the first payment qualifies for a Jumpstart Commission, all renewals (monthly subscriptions or repeat purchases of the same SKU) flow into the Consultant's Matrix earnings structure.

Matrix Payouts are designed to reward long-term retention and subscription growth. This encourages Consultants to work on keeping Customers engaged so the Consultant can earn a stable, recurring income stream.

## How They Work:

The first purchase of a SKU pays as a Jumpstart Commission.

The second and every subsequent renewal of that SKU pays out through the Matrix Payout system.

Payouts are calculated based on Commission Value (CV) tied to each product or service.

Matrix Payouts are distributed across multiple levels of a Consultant's organization, depending on rank.

## Minimum Requirements to Earn Matrix Payouts:

To qualify for Matrix Payouts in any given month, a Consultant must:

- Be an Active Consultant (see Active Member Definition).

Maintain their monthly requirement of \$9.99 subscription OR \$39 in new monthly sales.

## Definition of Commission Value

### Commission Value (CV) Definition

Commission Value (CV) is the assigned value of a product or service purchase that is used to calculate Consultant commissions and bonuses. While the retail price of a product may vary, the CV is the amount the company applies for compensation purposes.

### Key Points:

- Every product or subscription package is assigned a specific CV.
- Commissions (Jumpstart, Matrix, Producer Bonus Pool) are all paid based on the CV, not the retail price.
- CV ensures fairness and consistency across products, currencies, and markets, ensures the company can pay generous commissions and bonuses to Consultants, and also assures the company retains money for operations and growth.

### Example:

- \$39 subscription ----- **20 CV**
- \$99 product ----- **75 CV**

If a Consultant earns 50% at their level, they receive 50% of the CV, not the retail price.

# Jumpstart Commissions Overview

## Jumpstart Commissions

### What They Are

### How They Work:

◆ Jumpstart Commissions are fast-start bonuses paid weekly to reward Consultants for driving new product and service sales. They apply to the first payment only for a product SKU.

◆ When a new Customer or Consultant makes their initial purchase, the enrolling Consultant earns a percentage of the Commission Value (CV) from that sale.

◆ A Consultant can also earn a Jumpstart bonus if one of their previously enrolled Customers or Consultants buys a new SKU they have never purchased before.

## About Matrix Payouts

### What They Are:

Matrix Payouts are residual commissions earned on the 2nd and subsequent payments for a product SKU. While the first payment qualifies for a Jumpstart Commission, all renewals (monthly subscriptions or repeat purchases of the same SKU) flow into the Consultant's Matrix earnings structure.

Matrix Payouts are designed to reward long-term retention and subscription growth. This encourages Consultants to work to maintain their Customers.

## About The Producer Bonus Pool

### What It Is:

The Producer Bonus Pool is a leadership reward program designed to recognize and compensate Top Performing Platinum or above Consultants who drive the most sales volume across the company. Each month, the company sets aside 5% of total company-wide Commission Value (CV) and allocates it to this pool.

### Distribution:

|                  |       |            |
|------------------|-------|------------|
| Key Employees    | ----- | <b>30%</b> |
| Top 10 Producers | ----- | <b>70%</b> |

## How Matrix Commissions Work at MomentumTech

### Payment Schedule & Structure

Matrix Commissions are paid weekly, on the Saturday of each week, for the previous week's Matrix volume.

Remember: The first month's membership payments are paid out only as Jumpstart Commissions. Matrix volume begins accumulating on a member's second month membership and beyond.

### Detailed Example:

**January:** If you joined MomentumTech in January and you have 50 Members under you in your Matrix that month, you would not earn Matrix commissions for January, because only Jumpstart Commissions are paid on first-month memberships.

**February:** Assuming all 50 of those Members remain active in February, you would receive your first Matrix commission on March 15th for those 50 Members who paid their second month memberships in February.

**March Payment:** Payment: Now let's say another 100 Members were placed in your Matrix in February, for a total of 150 active Members in your Matrix. When Matrix Commissions are paid in March (for February Matrix volume), you would be paid on all 150 Members in your Matrix – the 50 who paid their third month memberships, plus the 100 who paid their second month memberships in February.

👉 So if you ever see Members under you in the Matrix that you didn't earn Matrix commissions on this month, it simply means those were their first-month memberships, and you will begin earning Matrix commissions on them starting next month and beyond as long as they continue to pay their product subscription.

## Locking in Your Position in the MomentumTech Matrix

**(Note: the 5 generations are based on your Enroller Tree)**

| Rank                | 1st Gen | 2nd Gen | 3rd Gen | 4rd Gen | 5th Gen |
|---------------------|---------|---------|---------|---------|---------|
| Personally Enrolled | 30%     |         |         |         |         |
| Silver              | 10%     | 10%     |         |         |         |
| Gold                | 5%      | 5%      | 5%      |         |         |
| Platinum            | 5%      | 5%      | 5%      | 5%      |         |
| Diamond             | 3%      | 3%      | 3%      | 3%      | 3%      |

Example: If you have 10 personally enrolled people who are each earning \$6,000 per month in their matrix, you will match 30% of what they earn in their matrix. That means you will earn a \$1,800 matching bonus on each of them every month, for a total of \$18,000 (10 people x \$1,800 each) in commissions just on those 10 people alone. And that doesn't include what you will earn in YOUR matrix, PLUS potentially hundreds or thousands of other people you could be matching in our other generations!

If you are a Platinum, for example, you will also get the Gold and Silver Generation Matches. So someone on your 2nd Silver generation, may also be your First Generation Gold, and your First Generation Platinum, so you would get a 10% 2nd Generation Silver Match, a 5% 1st Generation Gold Match, AND a 5% 1st Generation Platinum Match on that person's entire matrix!

There is no limit as to how many people you can match, or how much you can earn in matching bonuses!

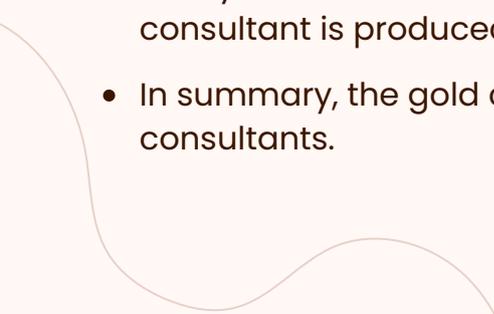

Matrix Commissions and Matching Bonuses are paid out the first week of each month for the previous month's volume starting your SECOND MONTH, as all initial orders are paid out in Fast Start Commissions.

## Gold Coded Bonuses

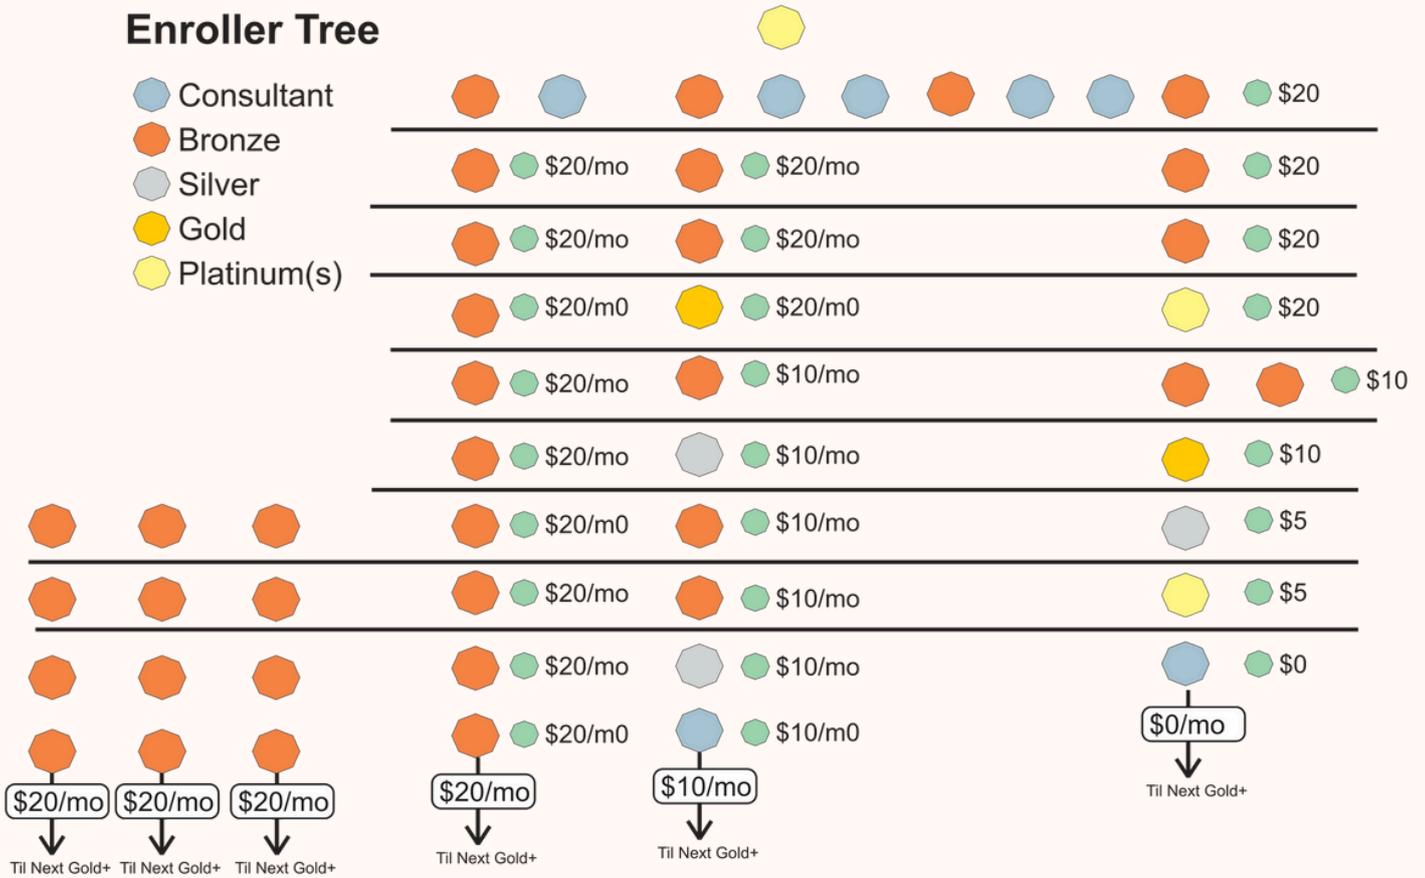

- The Black Belt Certification (BBC) has a \$35 CV. It is a 15- month program. You must attain the Gold rank to start receiving the coded bonuses.
- As a Gold rank, you will receive \$20 on every BBC sold in your organization through infinity or the next Gold rank consultant.
- You will receive \$10 on every BBC sold in your 1st generation gold consultant through infinity until the next gold consultant.
- Now you will receive \$5 on every BBC sold through infinity until another gold rank consultant is produced.
- In summary, the gold coded bonus pays through three generations of gold consultants.
